

MICHELLE MCLANE BROWNLEE

FULL STACK SOFTWARE
DEVELOPER

PERSONAL PROFILE

After passionately working to serve the most vulnerable populations in our society, I took time off to raise my children. In my return to the workforce, I am excited to blend my creative skills with my people skills and problem solving skills through the Nashville Software School Full Stack Web Development 6 month bootcamp.

TECHNICAL EDUCATION

Nashville Software School

Full Stack Software Development April -September 2020

- Intensive full-time 6-month software development bootcamp focused on both individual and team based projects utilizing HTML5, CSS3, JavaScript, React.js, and Python/Django.
- Fully remote learning environment, fully virtual project work, and coordination via online tools
- Single page applications using Scrum methodology and version control with Git and GitHub

Capstone Project

Glaze Gallery

- Glaze Gallery helps potters track process and results of commercial glazes with a description of form and material and firing for each pot as well before and after firing photos so that results can be replicated and shared with the potter community.
- Utilized React.js, vanilla JavaScript, ReactStrap, Bootstrap, and Cloudinary in building the full crud app.
- <https://github.com/mbrownlee/Glaze-Gallery>

CAREER HISTORY

Allegheny County Dept of Human Services 2004-07

Mental Health - Juvenile Justice Liaison

- Coordinated between mental health and juvenile justice systems to put systems in place to prevent juvenile justice from being the default entry point for juveniles into the mental health system
- Implemented mental health screening tool to be used before formal charges filed to divert those requiring mental health treatment rather than punishment
- Created additional access points to mental health services leveraging a mobile wrap-around treatment unit for juveniles and their families
- Appointed to lead multi-agency task force of leaders from the mental health professional community, public defenders office, and juvenile probation department

Crisis Counseling Team Lead

- Partnered with FEMA teams to assist community members following a catastrophic flood
- Initially, traveled with FEMA teams to assess physical needs
- Headed up the mental health crisis counseling teams, assigned areas of coverage and met with community leaders to coordinate care of each community
- Conducted support group meetings, mental health wellness checks, and home visit support in worst impacted communities
